Description

"Talents - Contests" is our first offer opening the spring 2023 auction season at Artbidy. The guiding idea of the auction is to promote artists who have been awarded in art competitions in Poland and abroad (such as Bielska Jesień or Artistic Journey of Hestia). The auction features 36 works by artists working in very different media - we present painting, printmaking, photography and sculpture.

"Talents - Contests" is an auction that is not only an opportunity for artists to present their works but also for collectors at various stages of building their collections to update their collections with works by talented, contemporary artists. It also aims, to showcase trends and motifs manifest in recent art. We invite you to take a look at the auction offer and place your orders.
